Senate Bill 946 Amendment

In October 2011, Governor Jerry Brown signed a bill into law that requires California health plans to cover what the law defines as "behavioral health treatment" for pervasive developmental disorder or autism when the Services are Medically Necessary.

Kaiser Foundation Health Plan, Inc., Northern and Southern California Regions (Health Plan) is amending non-Medicare Evidence of Coverage (EOC) documents in your Group's Group Agreement effective July 1, 2012 in response to Senate Bill 946 by sending this "Senate Bill 946 Amendment" in accord with the "Amendment of Agreement" section of your Group's Group Agreement. All amendments are deemed accepted by your Group unless your Group gives Health Plan written notice of nonacceptance within 15 days after the date of this amendment notice.

In accord with "Member Information" in the "Miscellaneous Provisions" section of the Group Agreement, Group must inform Subscribers of this coverage change in its next regular communication to them, but in no event later than 30 days after Group receives the information.

Note: Some capitalized terms in this "Senate Bill 946 Amendment" have special meaning. Please see the "Definitions" section of an EOC in your Group's Group Agreement for terms you should know. In this document "non-Medicare EOCs" means all EOCs other than Senior Advantage or Medicare Cost EOCs.

Definitions

We have revised the definition of "Services" to include behavioral health treatment covered under "Behavioral Health Treatment for Pervasive Developmental Disorder or Autism" in the "Benefits and Cost Sharing" section:

   Services: Health care services or items ("health care" includes both physical health care and mental health care) and behavioral health treatment covered under "Behavioral Health Treatment for Pervasive Developmental Disorder or Autism" in the "Benefits and Cost Sharing" section.

How to Obtain Services

We have revised the "Referrals to Plan Providers" section to indicate that a referral is required for behavioral health treatment covered under "Behavioral Health Treatment for Pervasive Developmental Disorder or Autism" in the "Benefits and Cost Sharing" section:

Referrals to Plan Providers

A Plan Physician must refer you before you can receive care from specialists, such as specialists in surgery, orthopedics, cardiology, oncology, urology, dermatology, and physical, occupational, and speech therapies. Also, a Plan Physician must refer you before you can get care from Qualified Autism Service Providers covered under "Behavioral Health Treatment for Pervasive Developmental Disorder or Autism" in the "Benefits and Cost Sharing" section. However, you do not need a referral or prior authorization to receive most care from any of the following Plan Providers:

- Your personal Plan Physician
- Generalists in internal medicine, pediatrics, and family practice
- Specialists in optometry, psychiatry, chemical dependency, and obstetrics/gynecology

Although a referral or prior authorization is not required to receive most care from these providers, a referral may be required in the following situations:
• The provider may have to get prior authorization for certain Services in accord with "Medical Group authorization procedure for certain referrals" in this "Getting a Referral" section

• The provider may have to refer you to a specialist who has a clinical background related to your illness or condition

**Benefits and Cost Sharing**

We have added the following description of coverage of behavioral health treatment to the "Benefits and Cost Sharing" section:

We have added "Behavioral health treatment for pervasive developmental disorder or autism" to the list of inpatient Services that are covered under the "Hospital Inpatient Care" and "Skilled Nursing Facility Care" sections.
