Students planning to transfer from College of Marin to another college or university should plan their program to include both general education requirements and the specific major requirements of a particular college or university. Transfer students are advised to work closely with a counselor, in order to make appropriate course choices that will permit transfer to a California public university after completing 60 transferable units at College of Marin. The admission requirements for lower and upper division transfer to private and out-of-state colleges and universities vary from school to school. Careful planning will ensure students avoid taking classes that do not meet requirements.

Students who intend to transfer should consult the catalog of the institution to which they intend to transfer. Catalogs of the major universities and colleges are available online. The earlier a student makes a decision regarding a transfer institution, the better the possibility is for meeting all requirements in a timely manner.

ASSIST (ONLINE STUDENT TRANSFER INFORMATION SYSTEM)
Detailed information regarding specific majors and course transferability between College of Marin and the CSU and UC campuses can be found on www.assist.org. ASSIST is the official statewide repository of articulation for California’s colleges and universities. It provides the most accurate and up-to-date information about student transfer in California. On ASSIST, students can determine which College of Marin courses satisfy general education requirements, major preparation requirements, and transferable electives for the UCs and CSUs.

New Transfer Degrees Offered in 2013-2014
College of Marin offers seven new associate degrees specifically designed for transfer to the California State University. New legislation, Senate Bill 1440 (the Student Transfer Achievement Reform Act), guarantees admission to a California State University campus for any community college student who completes an “associate degree for transfer.” The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is designed for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students who complete the AA-T or AS-T are guaranteed admission to the CSU system but not to a particular campus or major.

Six AA-T degrees are currently offered at College of Marin: AA-T in Communication Studies, AA-T in Political Science, AA-T in Psychology, AA-T in English, AA-T in Sociology, and AA-T in Theatre Arts. Two AS-T degrees are offered in Business Administration and Early Childhood Education.

Ten additional Associate Degrees for Transfer are currently under development, and will be posted as soon as they are approved: AA-T in Administration of Justice, AA-T in Anthropology, AA-T in Art History, AS-T in Computer Science, AA-T in Economics, AA-T in Geography, AS-T in Geology, AA-T in Kinesiology, AS-T in Mathematics, and AS-T in Physics. All students should consult with a counselor before participating in the Associate Degree for Transfer Program to determine if it is the best option for transfer. For universities and colleges that are not part of the CSU system, the Associate Degree for Transfer Program may not provide adequate preparation for upper division transfer admissions.

Lower Division Transfer Admission Requirements
Some campuses restrict enrollment of lower division transfer students due to heavy enrollment pressure and budget cuts. College of Marin students who are California residents with fewer than 60 transferable semester units are considered lower division transfer students.

You are eligible for admission to California State University if you:
1. Have a college grade point average of 2.00 or higher in all transferable college units attempted.
2. Are in good standing at College of Marin, i.e., you are eligible to re-enroll.
3. Meet the admission requirements for a first-time freshman or have successfully completed necessary courses to make up the deficiencies you had in high school if you did not complete the 15-unit pattern of college preparatory subjects.
4. Meet the eligibility index required of a freshman.

Some campuses may require lower division transfer students to have completed English composition and general education mathematics prior to transfer. Contact your campus of choice to determine whether there are admissions limits on the number of lower division transfer students.

Note: Some CSU campuses do not admit lower-division transfer students.

Upper Division Transfer Minimum Eligibility Requirements
College of Marin students with 60 or more transferable semester units are considered upper division transfer students.

You are eligible for admission to California State University if you:
1. Have a college grade point average of 2.00 or higher (2.40 for non-California residents) in all transferable college units attempted.
2. Are in good standing at College of Marin, i.e., you are eligible to re-enroll.
3. Have completed or will complete prior to transfer at least 30 semester units of courses equivalent to general education requirements with a grade of C or higher. The 30 units must include all of the general education requirements in communication in the English language (English composition, oral communication, and critical thinking) and at least one course of at least three semester units required in college level mathematics (Mathematics/Quantitative Reasoning).

Note: Contact your campus of choice to determine if there are admissions limits due to completion of 39 units of general education and major prerequisites.

Required Placement Tests
Upper division transfer students who have completed English composition and college level math courses with a grade of C or higher are exempt from the English Placement Test (EPT) and the Entry Level Mathematics Test (ELM). Upper division transfer students must complete both English composition
and college level mathematics prior to enrolling at a CSU campus.

Lower division transfer students will be required to take the tests if they are not exempt based on their SAT or ACT scores or if they have not completed an appropriate English composition course and a college level math course with a grade of C or higher.

Transcripts for California State University
Simultaneously applying for admission, transfer students to the California State University must submit official transcripts directly from all colleges or universities previously attended even if no coursework was completed. If transferring with fewer than 60 transferable semester units completed, transfer applicants must also submit high school transcripts and official test scores. Transcripts must be received in sealed envelopes directly from each institution attended. The first two copies of official transcripts from College of Marin are free.

GENERAL EDUCATION PROGRAM FOR THE BACHELOR’S DEGREE AT CALIFORNIA STATE UNIVERSITY
In addition to other requirements for graduation with a baccalaureate degree, California State University requires preparation for general education. Proper planning should enable students to satisfy the state university general education breadth requirements concurrently with requirements for either an Associate in Arts (A.A.) or Associate in Science (A.S.) degree from College of Marin.

CSU General Education Certification
Approximately 124 semester units are required for a Baccalaureate degree at a California State University of which 48 units must be in general education within a prescribed pattern. Thirty-nine units may be completed and certified in whole or in part at College of Marin. The remaining nine units must be taken as upper division courses after transfer to the four-year university.

Community colleges may certify no more than 30 units of general education from Subject Areas B, C, and D combined. The remaining units may be taken from Areas A and/or E.

Completion of 39 units of general education for the California State University System is not a requirement for admission. However, it is recommended that these units be completed during the first 60 units of college.

Students must make a request for certification of general education prior to attending California State University by completing two forms:
1. A Request for Transcript, and
2. A Request for General Education Certification.

United States History, Constitution, and American Ideals Requirement
In addition to general education, California State Universities also require coursework in the areas of United States History, Constitution, and American Ideals for graduation. Courses at the College of Marin that fulfill the two-course requirement are:

3. One course in United States History to be chosen from the following:
   a. Ethnic Studies 111 or 112 or 121 or 151
   b. History 100 or 117 or 118
   4. One course in Constitution and American Ideals to be chosen from the following:
      a. Political Science 100 or 101

COLLEGE OF MARIN COURSES TRANSFERABLE TOWARD BACCALAUREATE DEGREE CREDIT AT THE CALIFORNIA STATE UNIVERSITY
Courses are accepted by California State University for credit toward the baccalaureate degree that College of Marin designates as appropriate for baccalaureate credit. These courses are designated in this catalog with the symbol “(CSU)” at the end of their descriptions. To determine whether a course fulfills a requirement for a major, consult the catalog of the school to which you intend to transfer or online at ASSIST (www.assist.org), and a counselor. College of Marin credit courses numbered 99 or below are generally not CSU-transferable (Exceptions: PE 70-80). College of Marin credit courses numbered 100 or above are generally CSU-transferable, with the following exceptions:
The following courses are not CSU-transferable:
Automotive Technology 250A
Biological Science 270
English 120AC
Mathematics 101, 101AB, 101XY, 102G, 103, 103AB, 103XY, and 199

UNIVERSITY OF CALIFORNIA TRANSFER INFORMATION

General Admission Information to the University of California Campuses: Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco, Santa Barbara, and Santa Cruz

The University considers you a transfer applicant if you graduated from high school and enrolled in a regular session at a college or university. As a transfer applicant, you may not disregard your college record and apply as a freshman.

College of Marin transfer students should take courses that are transferable, that satisfy University and college requirements, and that fulfill prerequisites in the major. Advisors in the Admissions Office at the campus you wish to attend and College of Marin counselors can help you with your planning.

The transfer admission requirements described in this section represent the minimum level of achievement to be eligible for admission to the University.

If the number of applicants exceeds the spaces available for a particular campus or major – as is often the case – the campus uses criteria that exceed the minimum requirements to select students. Meeting the minimum requirements, therefore, is not enough to gain admission to many UC campuses and programs.

Transfer Eligibility Requirements for California Residents
To be eligible for admission to UC as a transfer student, you must fulfill both of the following criteria:
1. Complete 60 semester units of transferable college credit with a grade point average of at least 2.4 and no more than 14 semester units may be taken Pass/No Pass.
2. Complete the following course pattern requirements, earning a grade of C or higher in each course:
   - Two transferable college courses (three semester units each) in English composition - English 150 and 151 or 155; and
   - One transferable college course (three semester units) in mathematical concepts and quantitative reasoning; and
   - Four transferable college courses (three semester units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences. Exception: University of California, Berkeley, College of Letters and Science requires three years of foreign language in high school or two semesters at College of Marin.

If you satisfy the Intersegmental General Education Transfer Curriculum [IGETC] prior to transferring to University of California, you may satisfy Part 2 of the transfer admission requirements. For more information about the IGETC, refer to the Intersegmental General Education Transfer Curriculum in this section of the catalog.

Lower Division Transfer
If you were eligible for admission to the University when you graduated from high school – meaning you satisfied the Subject, Scholarship and Examination requirements, or were identified by the University during your senior year as eligible in the local context and completed the Subject and Examination requirements in the senior year – you are eligible for transfer if you have a C (2.0) average in your transferable coursework.

If you met the Scholarship Requirement in high school but did not satisfy the 15-course Subject Requirement to be eligible to transfer, you must take transferable college courses in the missing subjects, earn a C or better in each required course and have an overall C (2.0) average in all transferable coursework.

Transfer Admission Guarantees (TAGs)
The College of Marin has transfer admission guarantees with six University of California campuses (Please note: UC Berkeley, UC San Diego, and UCLA do not accept transfer admission guarantees). The TAG program offers guaranteed admission in most majors through a formal agreement that outlines the courses a student must complete and the grade point average that must be earned before transferring. For links to the UC TAG, visit https://uctag.universityofcalifornia.edu. To find out specific details, criteria, and participating universities, contact the Transfer and Career Center or the Counseling Department.

Intersegmental General Education Transfer Curriculum (IGETC) For Transfer to the University of California and California State University
The Intersegmental General Education Transfer Curriculum (IGETC) is a program that College of Marin transfer students can use to fulfill lower division general education requirements at both the University of California and the California State University. There are other options that fulfill general education requirements, but none of the options cover both the University of California and California State University.

The IGETC will permit a student to transfer from College of Marin to a campus in either the University of California or the California State University System without the need, after transfer, to take additional courses to satisfy campus lower division general education requirements.

The IGETC is not an admission requirement to the University of California or California State University. Existing campus specific admission requirements for transfer students remain unchanged.

Important: It is not advisable for all transfer students to follow the IGETC. The IGETC is not recommended for students planning to major in Engineering, Biological and Physical Sciences or majors that require extensive lower division preparation. Contact a College of Marin counselor for further information regarding University of California or California State University schools where completion of the IGETC is not recommended.
Full IGETC Certification

It is strongly recommended that all course work applicable to the IGETC be completed and certified in its entirety prior to transfer in order to be accepted by the University of California or California State University. Certification indicates that all lower division general education requirements for UC or CSU have been met. Courses certified for IGETC must be completed with a grade of C or higher. It shall be the student’s responsibility to request certification when requesting the last transcript from College of Marin prior to entering the University of California or California State University system. Students should contact the Counseling Department to initiate IGETC certification.

In addition to the course requirements for each subject area, full certification for California State University must include completion of the Oral Communication Requirement. For the University of California, Oral Communication is not required, but the certification must include satisfactory completion of a Language Other Than English Requirement.

Courses taken at other institutions may be used to fulfill the IGETC. Students should be aware, however, that placement of courses within IGETC subject areas may vary from college to college. Placement of a course will be based on the college of attendance and its IGETC pattern at the time the course was completed. Please contact the Counseling Department for more information.

Completion of the IGETC program will be certified by the last community college that the student attends. As a general rule, IGETC can be certified for California community college transfer students who have completed transfer units at a University of California, California State University, or independent college provided that the student has completed most of the transfer units at one or more California community colleges.

Partial IGETC Certification

Partial certification is defined as completing all but two (2) courses on the IGETC pattern. Partial certifications must be accompanied by a separate IGETC certification form, which clearly indicates that the certification is “partial,” and identifies which requirements remain to be completed. WARNING: students need to meet minimum UC/CSU transfer admission requirements. Therefore, partial certification that acknowledges a deficiency in IGETC Area 1 and or 2 may also indicate that a student does not meet minimum transfer requirements. For more information regarding partial certification, please contact the Counseling Department. Determination that courses remaining have been completed after transfer is the responsibility of the receiving UC or CSU campus. Community colleges are not required to re-certify a student who is completing IGETC courses after transferring.

Advanced Placement Test (AP) scores can be used to satisfy certain areas under IGETC. A score of 3, 4, or 5 is required to grant credit for IGETC certification. An acceptable AP score for IGETC equates to either 3 semester units or 4 quarter units for certification purposes. Each AP exam may be applied to one IGETC area as satisfying one course requirement, with the exception of Language other Than English (LOTE).
