SUMMER/FALL 2014

Dear Students, Prospective Students, and Community Members,

Featured on the cover of this class schedule are three of our outstanding international students. In the past year we have seen the number of international student applications almost double. Currently we enroll about 100 international students from over 30 countries, including Brazil, China, France, Germany, Japan, South Korea and Taiwan among others. By sharing their diverse cultural perspectives, our international students greatly enrich the teaching and learning experience of their fellow students as well as of our faculty and staff.

Preparing College of Marin students for 21st century leadership requires a multi-faceted approach to education. College of Marin offers a number of learning opportunities designed to cultivate students' global awareness. To read more on this subject please see page 99.

This fall semester, College of Marin is implementing a number of measures designed to support student success, including new priority registration requirements. Please see page 7 to learn more about priority registration.

Whether you are interested in transferring to a university, training for a new career, improving your skills or enriching your life, I believe that you will find that College of Marin is a great place to start or continue your college education. I wish you all the best in your academic pursuits and look forward to seeing you on campus.

Other Admissions Information

First Class Meeting

Failure to attend may result in a "no show drop" by the instructor. If a student cannot attend the first class meeting, the student may request that their place be held in the class by contacting the instructor prior to the first class meeting. See Faculty and Staff Directory page on our website for contact information: http://www.marin.edu/EmployeeDirectory

Please note: Instructors are generally not on campus between terms.
Instructors take roll for students officially enrolled and on the waiting list at the first class meeting. By attending the first class meeting on time, students may avoid losing their place to another student.

Failure to attend a class does not constitute an automatic drop. Students must drop classes online by the refund deadline or the state requires fees be assessed. See Important Dates on page 3 to avoid fees and a penalty grade.

Prerequisite Enforcement at the Time of Enrollment

As described on page 79 of this schedule, under the Prerequisites, Corequisites and Advisories section, by law the college requires students to satisfactorily complete prerequisite courses prior to enrolling in courses that have prerequisites.

Enforcement of prerequisites takes place at the time of enrollment, not in the classroom with instructors. Students who have not met a prerequisite will be blocked from enrolling in courses that require prerequisites.

See http://www.marin.edu/admissions/prerequisites for detailed information regarding prerequisites, equivalencies, placement test scores, and challenges.

Automated Waitlist Function

Refund Policy

Refund Service Fee
A $10 per semester service fee and any outstanding balance due to the college will be deducted from all refunds. No service fee is charged if the class is cancelled by the college. The service fee also applies to students who drop classes when fees have not been paid.

Short-Term Classes
In accordance with state law, refund requests for short-term classes will be granted if the class is dropped before completion of 10 percent of the course. See drop dates for short-term classes on page 17.

Materials Fees
Provided that no materials have been used, refund of materials fees will be granted through September 3, 2014, for full-term classes, or before completion of 10 percent of the class for short-term or summer classes. Please note that Financial Aid Fee Waivers do not cover health or materials fees.

Financial Aid Students
Prior to refunding any enrollment fee or tuition, the district may determine if the student received federal Title IV funds during the term of enrollment. If funds were received, the refund may be held up to 30 days while the district determines if any institutional or student return to the federal Title IV programs is due under Section 485 of the Higher Education Amendments of 1998, P.L. 105–244.

If a return is deemed to be required, the amount of enrollment fee refund may first be used to meet any return obligation of the district and, if an amount of enrollment fee refund remains after the district obligation has been met, that amount may be used to meet any return obligation of the student.

If an enrollment fee refund amount remains after all return obligations have been met, the student shall receive the remainder.

Nonresident Tuition Refunds
The college will not grant refunds after the deadline date listed on the Important Dates listing on page 3. See drop dates for short-term classes on page 17.

Parking Permit Refund
Students may request a refund of term parking permit fees under the following conditions:

- The college has canceled a class and the student is no longer enrolled in any credit, noncredit, community education or emeritus college class.
- The student has dropped all classes on or before the last day to qualify for a fee refund or by the 10 percent point of the length of a class for a short-term class.

The original parking permit decal must be returned with the Parking Permit Refund Request form to the Office of Admissions and Records.

Illegal Distribution of Copyrighted Materials

College of Marin students are prohibited from using the college’s information network to illegally download or share music, video, and all other copyrighted intellectual property. College of Marin supports the Higher Education Opportunity Act and Digital Millennium Copyright Act, including efforts to eliminate the illegal distribution of copyrighted material. Under the law, college administrators may be obligated to provide copyright holders with information about users of the college’s information network who have violated the law.

Be aware that illegal forms of downloading and file sharing, as well as the unauthorized distribution of copyrighted materials, are violations of the law and may subject you to academic sanctions from the college as well as criminal and civil penalties, including a lawsuit against you by the Recording Industry Association of America (RIAA). Learn more at www.campusdownloading.com. In addition to being illegal, file sharing drains the network bandwidth, which slows computer connections for students and employees who are using the network for legitimate academic purposes and ultimately costs the college money. There are plenty of easy, affordable ways to get music online legally. For a list of sources that offer legal downloading sites, access www.riaa.com

ENGLISH

ESL classes are listed under English as a Second Language.

College of Marin offers an English assessment testing service to provide prospective students with information to make informed decisions when enrolling in English courses. Students should prepare for the test to ensure appropriate placement. Review materials are available at the testing center.

Students are provided with their own individual test scores. Students who need help interpreting their individual placement test scores and in deciding what English courses to register for may seek assistance from a counselor.

For information about the English Assessment Test, please call the Testing Office at 415.485.9469 (located in the Student Services Center, Room 238, Kentfield Campus) for test information on both campuses.

Some English skills courses are offered as individualized, self-paced instruction in the English Skills Lab (LC120/KTD or BLDG17 ROOM 100/IVC).

THE INDIVIDUALIZED MATHEMATICS PROGRAM (MATH LAB) Kensfield/Indian Valley Campuses-Fall 2014

These courses (Math 95XY, 101XY, and 103XY) are individualized and self paced. Repeat testing is used. Attendance is very important. Failure to meet required hours will affect a student’s grade. Instructors and student tutors are available to help students. All of the courses are open-entry and open-exit classes. The Kentfield Campus Math Lab is in the SMN Center, Room 129. The Indian Valley Campus Math Lab is in Building 17, Room 100.

STUDENTS WHO REGISTER FOR A COURSE IN THIS PROGRAM MUST CHECK IN WITH AN INSTRUCTOR OR INSTRUCTIONAL ASSISTANT DURING THE FIRST WEEK OF THE SEMESTER TO AVOID BEING DROPPED.

The Math 95XY sequence is equivalent to Math 95; the Math 101XY sequence is equivalent to Math 101; and the Math 103XY sequence is equivalent to Math 103. Each unit of the Math 95XY sequence requires an average of four hours weekly in the Math Lab for eight weeks or until the course is completed. Math 101X, 101Y, 103X, and 103Y each require an average of six hours weekly in the Math Lab for eight weeks or until the sequence is completed. For example, if the student plans to enroll and earn three units of Math 101XY by the end of the semester, then the student must attend an average of six hours per week until the course work is completed. For Math 103XY it is also an average of six hours per week. A student may add one or more units any time prior to the last three weeks of the semester.

Class hours required may be selected from any combination of the supervised times listed on the time chart.

ENGLISH

ESL classes are listed under English as a Second Language.
College of Marin offers an English assessment testing service to provide prospective students with information to make informed decisions when enrolling in English courses. Students should prepare for the test to ensure appropriate placement. Review materials are available at the testing center.

Students are provided with their own individual test scores. Students who need help interpreting their individual placement test scores and in deciding what English courses to register for may seek assistance from a counselor.

For information about the English Assessment Test, please call the Testing Office at 415.485.9469 (located in the Student Services Center, Room 238, Kentfield Campus) for test information on both campuses.

Academic Information

Catalog
Although this schedule contains a summary of important policies and procedures, students are encouraged to review the college catalog.

Catalog Rights
The specific catalog employed toward graduation and all implied rights cease after two consecutive semesters of nonattendance. Please see the catalog for details.
The current catalog is available online at www.marin.edu.

Graduation Deadlines
Apply for Degree/Certificate
Summer: June 16–July 17
Fall: August 29–October 31
Students who have met the degree/certificate requirements, met with a counselor, and have filed an Application for Graduation by the deadline date, will be eligible to receive an Associate Degree or a Certificate of Achievement.

Prerequisites, Corequisites and Advisories

Prerequisite
A prerequisite is a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a particular course or program.
The college requires students to complete prerequisite courses with a grade of C, P, or higher prior to registering in the course requiring the prerequisite.
Examples of courses which may require prerequisites:
• Courses for which specific prerequisites have been justified by content review, the appropriate level of scrutiny and any other validation procedures required by law (Title 5, 55201 a-f).
• Sequential courses in a degree-applicable program.
• Courses requiring a prerequisite to transfer to a four-year college.
• Courses requiring preparation to protect health and safety.
• Technical or vocational courses or programs that require special preparation.

Equivalent Course Work
Some prerequisites may be satisfied by equivalent course work from an accredited institution other than College of Marin.

Prerequisite Equivalency/Challenge
Deadline for Priority Processing:
Summer: June 11
Fall: August 13
Submit a Prerequisite Equivalency or Challenge Form and supporting documentation by the deadline date for priority processing.

Corequisite
A corequisite is a condition of enrollment consisting of a course that a student is required to take simultaneously in order to enroll in another course. Courses which may require corequisites include: courses that are part of a closely related lecture-laboratory pairing requiring concurrent enrollment.

Advisory
An advisory is a condition of enrollment consisting of a course that a student is advised, but not required, to meet before or in conjunction with enrollment in a course or educational program.

Other Limitations
Other limitations on enrollment may include:
• Courses that require public performance or competition.
• Blocks of courses for which enrollment is limited in order to create a cohort of students.

Probation and Dismissal

Standards for Probation
A student shall be placed on academic probation if the student has earned a cumulative grade point average of less than 1.75 in all units attempted in each of three consecutive semesters.
A student who is on progress probation shall be subject to dismissal if the cumulative percentage of units in which the student has been enrolled for which entries of W, I, NC, or NP are recorded in at least three consecutive semesters reaches or exceeds 50 percent.
A student who is subject to dismissal may submit a written appeal to the Dean of Enrollment Services. Dismissal may be postponed and the student continued on probation if the student completes a petition that provides evidence of extenuating circumstances and/or that shows significant improvement in academic achievement.

Readmission after Dismissal
Deadline:
Summer: June 19
Fall: August 29
In order to be considered for readmission, dismissed students must:
1. Meet with a counselor and complete or update a Student Educational Plan (SEP) and submit the SEP with their Petition to Return to the Dean of Enrollment Services.
2. Submit a Petition to Return online through MyCOM. Students who fail to petition by the deadline or fail to show for their appointments will be denied and dropped from their classes.

Grading

In Progress Grades

Incomplete Grades
Students who received an Incomplete grade may not re-enroll in the same course until the incomplete work is completed and/or a final grade is posted to the student's academic record.

Pass/No Pass Option
In those courses which permit a student to be evaluated either on a P/NP or a I assigned by the instructor. The grading option can be changed online until the deadline date. To receive a pass grade, course work must be C level or higher.

Note: Some colleges and universities will not grant transfer credit for courses with pass/no pass grades.

Midterm and Final Grades
Midterm and final grades will be available online at mycom.marin.edu. Check the Important Dates on page 3 for dates.

California State University General Education Pattern

Students should be aware that this list is subject to change and does not apply to the University of California System.

CSU General Education Certification
Approximately 124 semester units are required for a baccalaureate degree at a California State University, of which 48 units must be in general education within a prescribed pattern. Thirty-nine units may be completed and certified in whole or in part at College of Marin. The remaining units must be taken as upper division courses after transfer to the four year university.

Community colleges may certify no more than 30 units of general education from Subject Areas B, C, and D combined. The remaining units may be taken from Areas A and/or E. Completion of 39 units of general education for the California State University System is not a requirement for admission. Students must make a request for certification prior to attending California State University by completing two forms: 1. Request for Transcripts; 2. Request for General Education Certification.

CSU United States History, Constitution, and American Ideals Requirement

Transfer Curriculum for the University of California and California State University
The Intersegmental General Education Transfer Curriculum (IGETC) is a program that College of Marin transfer students can use to fulfill lower division general education requirements at both the University of California and the California State University. There are other options that fulfill general education requirements, but none of the options cover both the University of California and California State University.

The IGETC will permit a student to transfer from College of Marin to a campus in either the University of California or the California State University System without the need, after transfer, to take additional courses to satisfy campus lower division general education requirements. The IGETC is not an admission requirement to the University of California or California State University. Existing campus specific admission requirements for transfer students remain unchanged.

It is not advisable for all transfer students to follow the IGETC. The IGETC is not recommended for students planning to major in Engineering, Biological or Physical Sciences, or majors that require extensive lower division preparation. Contact a College of Marin counselor for further information regarding University of California or California State University schools where completion of the IGETC is not recommended.

IGETC Certification
All course work applicable to the IGETC must be completed and certified in its entirety prior to transfer in order to be accepted by the University of California or California State University. Certification indicates that all lower division general education requirements for the University of California or California State University have been met. Courses certified for IGETC must be completed with a grade of “C” or higher. It shall be the student’s responsibility to request certification when requesting the last transcript from College of Marin prior to entering the University of California or California State University System. Students should contact the Counseling department to initiate IGETC certification.

In addition to the course requirements for each subject area, full certification for California State University must include completion of the Oral Communication Requirement. For the University of California, Oral Communication is not required, but the certification must include satisfactory completion of a Language Other Than English Requirement.

Courses taken at other institutions may be used to fulfill the IGETC. Students should be aware, however, that placement of courses within IGETC subject areas may vary from college to college. Placement of a course will be based on the college of attendance and its IGETC pattern at the time the course was completed. Completion of the IGETC program will be certified by the last community college that the student attends. As a general rule, IGETC can
be certified for California community college transfer students who have completed transfer units at a University of California, California State University, or independent college provided that the student has completed most of the transfer units at one or more California community colleges.

**Advanced Placement Test**
Advanced Placement Test (APT) scores can be used to satisfy certain areas under IGETC. Please see the AP Chart listed in the current catalog. Contact a College of Marin counselor for further information regarding use of AP test scores.

**IGETC Program**
Students should be aware that this course list is subject to change.

Symbols:
(+) Indicates that either the University of California or the California State University or both will limit transfer credit. Please refer to Courses from College of Marin Acceptable at the University of California (All Campuses) in the catalog, or consult a counselor.
(*) Courses listed in multiple areas shall not be certified in more than one area except for courses in Language Other Than English, which can be certified in both areas 3B and 6A.
(o) Note: Courses approved for Fall 91 may be taken prior to Fall 91. Courses approved for Fall 92 or later may not be taken prior to Fall 92.

Préstamos Estudiantiles Federales

Los Préstamos Estudiantiles Hay Que Pagarlos
Antes de considerar un préstamo estudiantil, es importante desarrollar un plan financiero para su educación que tenga en cuenta la cantidad total de la deuda que le será posible pagar cuando logre su meta educacional final.

Préstamos Estudiantiles Stafford Subsidizados
Los estudiantes que se califiquen en base a sus necesidades financieras pueden pedir prestados hasta $3,500 por el primer año y hasta $4,500 por el segundo año a un interés variable. El capital y el interés son diferidos hasta seis meses después de la fecha de su última matriculación en cursos como estudiante a tiempo medio por lo menos, en un programa educacional.

Préstamos Estudiantiles Stafford No Subsidizados
Estudiantes independientes que no se califican por sus necesidades financieras para un préstamo Stafford subsidiado, o que necesitan ayuda adicional, pueden pedir prestado toda la cantidad o parte de ella por medio del programa de préstamos Stafford no subsidiados, hasta $6,000 por año. El interés se paga cuando se obtiene el préstamo. Los pagos del capital comienzan 6 meses después que el estudiante ya no está matriculado en un programa educacional a medio tiempo por lo menos.

Nota: Si usted recibe un préstamo como Subsidio Directo que es desembolsado por primera vez entre el 1º de julio de 2012 y el 1º de julio de 2014, usted será responsable de pagar cualquier interés acumulado durante su periodo de gracia; el interés será agregado al balance de su capital.

Al 1º de julio de 2013, un estudiante que obtiene por primera vez un préstamo estudiantil federal subsidiado ya no se califica para el programa de Préstamos Estudiantiles Subsidios si excede el 150% del tiempo (publicado) necesario para graduarse en un programa de título universitario (undergraduate).

Programas de Trabajo

Federal College Work-Study Program
Programa federal de trabajo y estudio. Fondos federales proveen un número limitado de empleos de medio tiempo en el campus, para estudiantes que se califiquen. Hay algunos empleos disponibles fuera del campus. Los estudiantes trabajan hasta 25 horas por semana.

Job Placement Office
La Oficina de Ubicación en Empleos provee a los estudiantes información sobre un gran número de empleos disponibles en toda la comunidad.

Experiencia Laboral
Los estudiantes pueden matricularse en clases de Work Experience para obtener crédito en su trabajo actual.

Más Sobre Ayuda Financiera

Procedimientos de Solicitud
Los estudiantes deben presentar una Solicitud Gratuita para Ayuda Estudiantil Federal (FAFSA). Préstamos de Emergencia en el College of Marin
Associated Students College of Marin
**College Policies**

**Enrollment Priority**
In September 2012 the California Community Colleges Board of Governors approved a regulation to establish system-wide enrollment priorities designed to ensure classes are available for students seeking job training, degree attainment or transfer to a four-year university and to reward students who make progress toward their educational goals.

Beginning fall 2014, new students who have completed college orientation, assessment and developed education plans as well as continuing students in good academic standing will now have priority over students who do not meet these criteria. To be in good academic standing, a student cannot be on Academic Probation or Progress Probation for two consecutive terms. In addition, students who have accumulated 100 or more units – excluding most basic skills English and math and English as a Second Language courses - by fall 2014 will lose priority enrollment. Students who feel they may be at risk of losing priority status are strongly encouraged to see a counselor to discuss their educational plans. College of Marin’s revised enrollment priorities can be found in Administrative Procedure 5055, located on the web at: http://www.marin.edu/WORD-PPT/AP5055EnrollmentPriorities_Revised4-16-13.pdf.

**Philosophy**
The Marin Community College District has long recognized that an academic community is harmed in many ways by the abuse of alcohol and the use of other drugs. This high risk behavior is exemplified by decreased productivity of members of the community, serious health problems, strained social interactions as well as forms of vandalism. The process of education and learning are especially impaired by alcohol abuse and the use of illicit drugs.

College of Marin is committed to the basic philosophy of the Network of Colleges and Universities Committed to the Elimination of Drug and Alcohol Abuse, which states:

- The institutional establishment enforces clear policies that promote an educational environment free from the abuse of alcohol and other drugs.
- The institution will provide education for its members for the purpose of preventing alcohol and other drug abuse as well as educating them about the use of legal drugs in ways that are not harmful to self or others.
- College of Marin will make every reasonable effort to determine that information stated in its publications is accurate, but the college reserves the right to alter fees, statements, and procedures contained herein without notice. Fees and procedures are subject to change at anytime by the State Legislature and the College Board of Trustees. It is the student’s responsibility to meet and remain in compliance with all college requirements. When changes occur, they will be printed in the next regular publication of the catalog or schedule, or posted online at www.marin.edu. Classes may be cancelled for insufficent enrollment at the discretion of the college.

**Equal Opportunity/ADA Nondiscrimination Policy**
The Marin Community College District is committed by policy not to discriminate on the basis of, or the perception of any one or more of the following character: race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, sexual orientation, or veteran status in any of its educational and employment programs and activities, its policies, practices and procedures.

Students who believe that this policy has been violated have the right to file an internal complaint or a complaint with the Office of Civil Rights. The Marin Community College District makes every attempt to stay in compliance with the requirements of Title IX of the 1972 Education Amendments, the Equal Employment Opportunity Act of 1972 (Title VII of the Civil Rights Act of 1964 as amended), the Civil Rights Act of 1991, and Section 504 of the Rehabilitation Act of 1974, the Americans with Disabilities Act, the California Fair Employment and Housing Act of 1980, the California Fair Employment and Housing Commission Rules and Regulations, and the Vietnam Veteran’s Readjustment Act of 1974.

College of Marin, under the Equity in Athletics Disclosure Act of 1994, provides information concerning the operation of its intercollegiate athletics program. A complete report is available in the Admissions and Records Office, the Library, and the Athletic Department for public review.

College of Marin Board Policy 3430 prohibits verbal, physical, visual, and sexual harassment of any applicant, employee, or student by any District employee on the basis of any category or combination of discriminatory categories prohibited by state or federal law. Nonemployees while on the District property are also expected to follow these guidelines.

It is further the policy of this District to ensure equal opportunity in all of its programs and in all aspects of employment. The lack of English skills will not be a barrier to admission to and participation in vocational education programs.

Parking Information

Fall 2014 Kentfield Parking Notice
For safety reasons, Circle Drive will remain closed during the day (7am to 4pm). Accessible parking and drop-off has been re-directed to lot 4. We apologize for the inconvenience.

Vehicles on campus are subject to parking and traffic regulations by the Board of Trustees, Marin Community College District. All cars must have a parking sticker, or display a daily parking permit which may be purchased from the parking ticket dispensers located in parking lots.

Motorcycle and handicap parking are available with no fee.

Parking permits are required at all times, including evenings (except Saturdays, Sundays, and school holidays). Be sure to read the signs at the entrances to parking lots. The signs explain what type of permit is allowed in the lot (staff or student), and include any additional parking regulations. For student parking lot locations, see the campus maps.

Daily permits and term permits are valid at either campus. All California Vehicle Codes can be enforced in campus parking lots. Obey all signs and markings. All vehicles improperly parked will be cited, and may be towed.

Daily Parking Permits
A daily parking permit may be purchased from dispensers located in several student parking lots. In the event of a dispenser malfunction, a daily permit must be purchased from a different machine. Please report all malfunctions to the campus police at 415.485.9696. The cost for a daily permit is $3 (subject to change) and must be visible on the driver side of the vehicle dashboard.

Term Parking Permits
A term permit is more convenient and will save you money compared to a daily permit. A term permit is $50 or $20 for summer session (subject to change) and is available to enrolled students.

Term Parking Permits Online
College of Marin is pleased to offer the option of purchasing term parking permits online via the MyCOM Portal. This is offered through Parking Plus. Term parking permits can be purchased online beginning with the first day of registration.

Term Parking Permits In Person

Lost or Stolen Permits will not be replaced.

Please see page 11 for the Parking Permit Refund Policy.

21st Century Leadership: Preparing Students for Global Citizenship

The workplace that our graduates will enter is vastly different than the workplace of past generations. According to the U.S. Census Bureau, approximately one in five jobs today is tied to international trade.

To prepare students for the demands of an increasingly complex, globally-oriented workplace, College of Marin offers a variety of courses and programs to expand students’ global awareness and knowledge.

Critical thinking skills, world knowledge and civic values help students become global citizens

College of Marin offers a variety of courses designed to impart a greater understanding of the world and an expanded capacity for critical thinking, including courses in history, business, humanities, ethnic studies, political science, sociology and communication among others. Studying mathematics and science is also important in cultivating problem solving and critical thinking skills.

Language skills are important

The ability to speak, write, read and understand more than one language greatly enhances cross-cultural communication skills.

For students who speak English, College of Marin promotes the acquisition of a second or perhaps third language. College of Marin offers instruction in several modern languages, including American Sign Language, Chinese, French, Italian, Japanese and Spanish.

For those students who don’t speak English, College of Marin offers a variety of courses designed to impart a greater understanding of the world and an expanded capacity for critical thinking, including courses in history, business, humanities, ethnic studies, political science, sociology and communication among others. Studying mathematics and science is also important in cultivating problem solving and critical thinking skills.

English as a Second Language Programs Serve both International and Local Students

For over 30 years, College of Marin has been addressing the needs of English learners through its high-quality English as a Second Language (ESL) programs. Through free noncredit ESL classes, credit ESL classes and a fee-based Intensive English Program, College of Marin has helped many Marin residents and international students from over 50 countries fulfill their educational, career and personal goals. To find the best class level, we assess your English skills before you enter any of these programs.

Intensive English Program (IEP)

International students who wish to begin in the College of Marin Intensive English Program (IEP) will find a program that is friendly, social as well as demanding. College of Marin currently issues I-20s (supporting document for a student visa) for the Intensive English Program. All of our IEP instructors are highly skilled, dedicated to helping students succeed and have advanced degrees as well as international experience. IEP students receive classroom instruction, participate in campus activities and go on field trips in the San Francisco Bay Area as part of the program. For more information, visit http://www.marin.edu/international_students/index.htm.

Credit and Noncredit ESL

Credit ESL instruction is available to all students and to international students who meet college requirements. Credit ESL classes are offered for college credit to students at intermediate to advanced proficiency levels. To enroll in credit ESL classes, students must take a College of Marin ESL Placement Test and a Student Success Workshop, which includes counseling and orientation before enrolling in classes.

To enroll in noncredit ESL classes, students must first take the ESL grammar test and complete a noncredit ESL application. For more information about credit ESL, noncredit ESL, or IEP, please call 415.485.9642.
