May 15, 2013

Dear High School Student:

Are you interested in an enriching learning experience that will ultimately save you time and money? If so, you are invited to concurrently enroll in College of Marin’s College Credit Program (CCP).

By enrolling in the CCP you:
- will earn college credit for your classes;
- may earn high school credit (check with your high school counselor);
- will complete your university degree earlier by earning transferable college credit, thus saving significant money on the rest of your education; and
- will qualify you (after your first semester of concurrent enrollment) as a continuing student allowing you to register at an earlier date for subsequent semesters.

College of Marin’s curriculum is equivalent to courses offered in the first two years at the University of California and California State University systems and some private and out-of-state universities. Each year hundreds of high school students like you enroll in a variety of College of Marin classes, including modern languages, sciences, dance, art, music, social sciences, and more.

Other valuable higher education pathways include our workforce preparation programs such as: business, multimedia, court reporting, medical assisting, dental assisting, and accounting among others.

You will pay no enrollment fee for the summer 2013 session if you are a California resident (other nominal fees may apply). Summer 2013 course listings are available online at www.marin.edu. Starting fall semester 2013 qualifying CCP students may obtain financial aid to cover enrollment fees. To find out if you are eligible for the Board of Governors’ Fee Waiver please go to: http://www.marin.edu/financial_aid/board_of_governors.htm.

For more information regarding registering for classes as a high school student, please visit our website: http://www.marin.edu/admissions/HighSchoolStudents.htm, call 415.457.8811 Ext. 7712, or speak with your high school counselor. Once you have turned in the required paperwork, you may register starting June 10, 2013 for the summer session and August 05, 2013 for the fall semester. Summer classes begin June 17, 2013, and fall classes begin August 19, 2013.

I look forward to seeing you on campus.

Sincerely,

David Wain Coon, Ed.D.
Superintendent/President
