Planning for the Future: Expanding Career Pathways, General Education & ESL

• Expanding Career Pathways:
  Career Pathways Grant is supporting the expansion of programs to offer technical careers that support local economic development.

• General Education:
  Two year rotation of all courses required for transfer or degree are offered for students who can attend evenings and weekends AND NOW in Fall ‘14 weekday offerings.

• ESL/International Students:
  Intensive English & International Student programs continues to grow.
  County-wide plan currently underway points to severely underserved English Language Learners.
