Instructions to Login to Argos and Launch the Dashboard from Your Office Computer  
(Revised 9-29-11)

1. Launch Argos  
   a. If this is the first time you are opening Argos from your office computer, follow the instructions below to create a shortcut to Argos on your desktop. If not, proceed to “b.”  
      i. Go to the COM Homepage and type in the following URL: http://is-maps:8080  
      ii. Make this site a “Favorite”  
      iii. Go to Favorites, Right-click on the site name and choose “Send to Desktop”  
      iv. This will create a shortcut icon on your desktop. From now on, you can launch Argos from there.  
   b. If you have a shortcut to Argos on your desktop, double-click it to open the “Evisions Home Page.”

2. Click on the “Argos” button on the left column

3. Click on the “Start Here” button that will pop up on the middle of the page
4. The Argos program will open and ask your **User Name and Password**

5. Type in your Network User Name and Password

   *Note: This is the same user name and password you use to login to the COM network when you start up your computer (Your firstnamelastname and your unique password).*

6. If a dialogue box opens with a System Message: Click “ok.”

7. Click the “**Quicklaunch**” tab at the top of the column to the left.

8. Double-click the “Dashboard” icon under “**Public Quicklaunches**” to open the Dashboard
