Meeting Minutes for March 29, 2012

Curriculum Committee

Subcommittee of the Academic Senate

Present: Fernando Agudelo-Silva, Rebecca Beal, Becky Brown, Lisa D’Agostino, Rinetta Early, A. Joe Ritchie, Joanna Pinckney, Cari Torres, Chris Schultz, Mary Pieper-Warren, John Jacob, David King

Resource: Kim O’Gara

Discussion Topics:

1. Chris reported that the Community Education courses currently proposed for summer are not in conflict with any of the credit offerings. They therefore are approved to be scheduled.

2. The Academic Senate report included a proposed professional development opportunity in Distance Education. This was part of the ongoing concerns involving student success in Distance Education classes. The issue of ‘requiring ‘specific training before faculty can offer DE classes was discussed.

3. Chris, Lisa and David reported on the curriculum training sessions. Faculties bring widely differing technical skills to the input process. The individuals taking advantage of the sessions have generally found them very helpful and they quickly make progress on completing their outlines.

4. No one from the Curriculum Committee expressed interest in running for the position of Chairperson. Chris said he was willing to continue, and the group elected him for another term.
