Resolution from the Planning and Resources Allocation Committee to the Governance Review Council regarding our request to have Web pages created for each governance committee on which minutes and agendas may be posted.

Whereas, the governance committees of College of Marin have used inconsistently the public folders in Outlook to post agenda and minutes from their meetings;

Whereas, the college community and even the governance committee members do not have consistent or perhaps ANY access to Outlook public folders especially if they do not have access to a college-based computer or have a MAC which does not support the full Outlook;

Whereas, ACCJC requires that our participatory governance committee provide complete and open access to their agenda and minutes to the entire college community for the purposes of promoting communication and awareness of what is happening and what decisions are being made;

Resolved, that governance committee, henceforth, have access to a webpage devoted to their committee and its concerns on which agenda and minutes and any other pertinent information can be posted.

Resolved, that the chair of each committee be given access and InContribute in order to be able to update their web pages as needed.

Thank you.
Sara McKinnon
Academic Senate President
Co-Chair of the Planning and Resources Allocation Committee (PRAC)
