Suggestions for Student Services SLOs

What meta-skills do we want our students to receive as a result of receiving our services?

1. Resourcefulness
2. Ability to navigate the college
3. Effective planning skills
4. Self-confidence
5. Ability to self-advocate
6. Personal resource management

What do we teach our students as they interact with our personnel and our services, as they relate to these meta-skills?

What measurement tool will we use to assess our students?

How will we use this data to make adjustments to our services?

Then the cycle begins again….
