President’s Weekly Briefing—November 7, 2014

The Kentfield and Indian Valley Campuses will be closed on Tuesday, November 11, in honor of Veterans Day.

On Tuesday we remember and honor the many veterans who have answered the call to military service. This semester at COM we have 30 student-veterans enrolled in classes, and many more participating in lifelong learning through our Community Education Program. We also have faculty and staff who are veterans. Please join me in thanking these remarkable men and women who have served our country. Their sacrifices, dedication, and commitment to democracy deserve our most heartfelt and sincere gratitude.

The COM Veterans Association is hosting a Burger Burn to celebrate the service of all U.S. military veterans on Monday, November 10, from 11 a.m. to 2 p.m. outside the Student Services Building. The Burger Burn (also known as the Hail and Farewell) is a tradition on many military bases. It is a time for celebrating promotions, welcoming new service members to a base, and saying goodbye to those moving on. Military veterans will share their experiences and Veterans Administration representatives, along with other student club representatives, will be available to answer questions. All are invited to enjoy the free BBQ.

November Data Nugget
College of Marin’s strategic plan calls for developing courses and services that allow for anytime/anywhere delivery. According to the Community College Survey of Student Engagement (CCSSE) results from spring 2014, approximately 90 percent of COM students prefer to register for classes, review their account, and manage other college-related business using computers and smartphones. Additional findings about our students’ use of information technology will be presented in various college forums and posted on the PRIE website.

Transportation and Commute Committee Needs Your Input
A Transportation and Commute Committee was recently formed at COM to research and develop a comprehensive commute program at the College. Their goal is to offer all COM students, staff, and faculty free or reduced public transportation passes. Below is a link to a brief transportation survey developed in part by Sonoma-Marin Area Rail Transit (SMART), Marin Transit, and COM committee members. Your responses are very important in understanding current commute patterns and how the most effective and cost efficient transportation program can be developed.

Please complete the transportation survey by November 13. Thank you in advance for your time.
