Copies of the statements of Ms. Mermel, Mr. Weisman, and Ms. Organ are attached to the minutes as part of the official record.

Board President Long quoted some comments from a seminar she recently attended which featured a presentation on “Myths & Realities of an Aging Society” by John W. Rowe, M.D., an expert on the aging population. A copy of an article in the Marin IJ on Dr. Rowe’s presentation is attached to the minutes as part of the official record.

Trustee Hayashino commented on a report on the History of Emeritus College (Older Adult) Noncredit at College of Marin which was prepared by Vice President Chang (copy attached). In view of the state directive to not use general funds to cover non-credit courses, she requested information on how other colleges are handling this situation and also asked Vice President Chang to continue to update the Board on state directives. Vice President Harrison stated that the administration will bring additional information and options to the Board. He noted that since the State Chancellor’s Office is not approving our noncredit older adults courses this spring and can declare them nonpayable with state funds, finding a solution within the community is the only way to go.
4. Superintendent/President Search Update

Dr. Stan Arterberry updated the Board on the search for a new Superintendent/President, noting that the committee has been reviewing 65 applications and would meet on June 23 to determine the semi-finalists. The committee is tentatively scheduled to interview the semi-finalists on July 12, 13 and 14.

Dr. Arterberry proposed August 30 and 31 and September 1, 2, 3 and possibly 4 for the Board’s interview schedule. Dr. Arterberry presented and the Board discussed four possible candidate interview schedule options: 2 variations of a one candidate per day on campus option (one with a campus forum and one with both a campus and a public forum) and 2 variations of a one candidate per half day on campus option (one with a campus forum and one with both a campus and a public forum).

B.10.K Approve COM Superintendent/President Candidates Final Interview Schedule with the Board.

M/s (Namnath/Hayashino) to adopt Option 1B for the selection of the Superintendent/President on August 30 through September 3 and possibly September 4 if there are five finalists.

“Option 1B
1. One candidate per day (August 30, 31 and September 1, 2,3)
2. Candidate meets with various College constituent groups
3. One candidate’s forum for College members
4. One candidate’s forum for Community members
5. Board may interview finalist on each day and Board deliberation after last finalist or Board may hold an open reception or a private dinner for the candidate
6. If Board decides not to hold interviews on each day, interviews will be held on September 4.
7. Required day(s): Candidates – 1 day per candidate on campus and interviews and if reception or dinner are held, 2nd day for interview; Board – 5 days for interviews and if reception or dinner are held, 6th day for interview)"

The motion passed by a vote of 6-0-1 with Trustee Dolan abstaining.

Board President Long asked the Trustees to think about the questions they will want to ask the candidates during the interviews.

5. Chief Executive Officer’s Report

Vice President Harrison called the Board’s attention to his report and the written staff reports in their Board packets. He reported that summer school enrollment is up 3%. The growth is primarily at IVC and there is a slight decline in the number of students at Kentfield.
a. Staff Reports

1. **Academic Priorities at College of Marin and Budget, Enrollment and Achievement**
   
   Nick Chang, Vice President of Student Learning, and Yolanda Bellisimo, Academic Senate President, reviewed the presentation on “Setting Allocation Priorities” in the Board packets. Vice President Chang noted that the state wants us to differentiate between recreational/avocational courses and courses leading to a degree and that the state is seriously looking at the possibility of capping or cutting back PE courses. Board members recognized the need to further discuss COM’s allocation priorities in light of our mission statement, financial resources, state directives, and demographic data. Trustee Treanor requested a Study Session on this subject in the near future.

2. **Athletic Field Proposal Presentation**
   
   Vice President Harrison reported that The Branson School has been working with the Ross Valley LaCrosse Club on a proposal for our athletic field. If the Board is amenable to pursuing the proposal we will have to develop a resolution describing what we would like to see done with the athletic field and inviting interested parties to respond.

   Vice President Harrison introduced Michael Lateef of the Ross Valley Lacrosse Club who described the joint use proposal his organization has been working on with The Branson School and COM staff. The proposal envisions developing two synthetic turf fields that could be used for lacrosse or soccer fields on the site of the existing football field and track. The fields could be reconfigured for baseball. Architect Peter Arnold of Abey Arnold Associates of San Rafael provided further details on the proposal, noting that all facilities are in close proximity and that the footprint has been kept within existing parameters. A warm up area, plaza and 600 yard long practice track are included in the plan.

   Trustee Namnath asked for a review of the California Ed Code, particularly sections 81420 and 81422, with regard to transfers of community college property and joint use agreements. Vice President Harrison responded that we always check with legal counsel and that they will determine what we can or cannot do.

   Sara McKinnon, representing the Academic Senate, read a statement written by Yolanda Bellisimo (copy attached) expressing concern about the proposal to eliminate the track and replace the current track and football field with two soccer-lacrosse fields. The Academic Senate considers the removal of the track to be an academic matter which requires Board consultation with the Academic Senate under 10 + 1. The track is used by our athletic teams and physical education classes and affected PE
faculty do not support the removal of the track. Negotiations for the refurbishing or building of fields should be discussed with the affected faculty and consultation with the Academic Senate is required prior to a decision on this proposal.

Board members generally expressed support for moving forward with consideration of this proposal as long as legal and scheduling issues are worked out and our Academic Senate process is followed. Vice President Harrison stated that our classes and academic program would have to have scheduling priority. He noted that we are a long way from an agreement and that the next step will be to design a resolution to go to the public for response. This will be worked on in the next few months.

B. M/s Hayashino/Kranenburg) to Approve 2010/2011 Tentative Budget – BP1 (Fiscal Accountability).
Trustee Long noted that community services courses have to support themselves and that any surplus goes back into the general fund. She commented that she always advocates for putting some of this money back into the community services program and that we need to look at the fairness of charging our community services students more than regular students.
The motion to approve the 2010/2011 Tentative Budget passed by a unanimous vote of 7-0.
