Topics Discussed

1. We reviewed the Training sessions for faculty and staff on the new COR template. Approximately 25 staff had attended sessions. It was agreed that additional trainings would be scheduled over the next two weeks. Chris will provide a schedule at the April 8\textsuperscript{th} meeting

2. Sara reported on the Senate meeting. There is an interest in identifying classes that are ‘Green’ in the schedule. The committee discussed what this identification might mean for it.

3. A. Joe raised the idea of inviting the Deans to the Curriculum Meetings so they might better understand the process and contribute to the review of courses. We will develop this idea at our next meeting.

4. Kim reported that all courses were approved by UDWC.

5. Kim provided a letter from Linda Beam, Dean of Human Resources, regarding the Administration’s position on the role of UDWC in relation to curriculum and the responsibility of the Curriculum Committee. This material will be presented to the Senate and the Vice President of Student Learn. It differs greatly from the previous administrative position. The Committee will continue discussion at a future meeting.
