Our mission is to serve not only our diverse learning community located on the Kentfield and Indian Valley campuses, but also our Distance Education students, who access library resources remotely via the Internet, and the Marin community at large. The library supports the instructional and curricular needs of all students, faculty, and staff. The faculty librarians at COM value information literacy as fundamental to higher education.

**Check-out:** Library cards may be obtained at the Loan Desk. Students, faculty, and staff must show valid photo identification to obtain a College of Marin Library Card. Please contact a faculty librarian at the Reference Desk (x7475 or 415-485-9475) to find out more information on these powerful tools.

Information Literacy Instruction For Your Students: Information literacy is one of our college’s general education student learning outcomes. Librarians provide information literacy instruction in a variety of ways. The library faculty offers the following modes of instruction that are available to all students, faculty, and staff:

- Reference interview, in person or by telephone
- Individual or small group research consultations/appointments
- Class instruction in library or campus classrooms
- Asynchronous modes of instruction (email at askthelibrary@marin.edu)

Instructors are encouraged to collaborate with librarians in planning active learning strategies and techniques that will best meet the needs of the students. In order to schedule an Information Literacy Instruction session for a class, instructors are asked to fill out a Library Orientation Request Form.
