

# How do Community Education class waitlists work in ACTIVE Network?

If a class is full, you have the option to add to yourself to the waitlist for that class. The message **Waitlist Only** will display on the class listing. Add the class to your cart, and check out as you would when registering for a class. No payment will be due. If you have added to a class waitlist, you are NOT an enrolled student in that class and are not authorized to attend.
